

## LICENSING INFORMATION

The Higher Education Act (HEOA) requires colleges and universities that participate in federal student aid programs to disclose a list of all States for which the school has determined that its curriculum meets the State educational requirements for licensure, a list of all States for which the school has determined that its curriculum does not meet the State educational requirements for licensure, and a list of all States for which the school has not made a determination that its curriculum meets the State educational requirements for licensure to current and prospective students, and to employees.

<b>Program</b>	<b>Student Location</b>	<b>States for which the school has determined that its curriculum meets the State educational requirements for licensure.</b>	<b>States for which the school has determined that its curriculum does not meet the State educational requirements for licensure.</b>	<b>States for which the school has not made a determination that its curriculum meets the State educational requirements for licensure.</b>
