## **INSTITUTIONAL STATEMENT REGARDING SAFETY AND SECURITY OF STUDENTS AND STAFF**

The Pineville Beauty School strives to provide a safe educational environment for all students and staff. A collaborative effort of both the institution's officials and its students in maintaining safety in and around the institution assists in the overall objective of the institution to provide a safe educational environment and should be implemented at all times. The Pineville Beauty School understands emergency situations may occur at any time and wants to ensure the safety of both its students and staff. Under the Clery Act, all colleges and universities that participate in federal financial aid programs are required to keep and disclose information about crime on and near its campus. It also requires said institutions to issue timely warnings and emergency notifications when there is a potential threat in which they can take preventative measures. All students and staff should ensure they inform the institution of any changes to their email and/or phone numbers by contacting the administrator of the institution. Although authority lies with the administrator and/or owner(s) of the institution to report a threat and/or crime, this does not prevent any student or staff member from contacting local authorities or dialing 911 if they feel they are in danger.

## **EMERGENCY NOTIFICATIONS**

An emergency notification is necessary when there is any significant emergency or dangerous situation. Such emergencies may include natural disasters, active shooters, environmental threats, etc., which is occurring on the institution's campus. Incidents may differ in severity so evaluation is necessary prior to issuing an emergency notification. The institution's administrator and/or owner(s) are responsible for emergency evaluation and notifications relating to significant emergencies or dangerous situations, depending on the situation and availability of the above designated personnel. The Pineville Beauty School works with local law enforcement and other emergency response agencies, when required, for significant emergencies or dangerous situations. The institution also works with local law enforcement to ensure the institution is notified of any emergency situations which may affect its students and staff and if an emergency notification needs to be issued.

The institution's administrator and/or owner(s) will evaluate the information, determine if the incident is considered a significant emergency or dangerous situation, and if an emergency notification is required. The institution's administrator and/or owner(s) will, without delay and taking into account the safety of the community to determine the content of the notification and initiate the notification system, unless issuing a notification will, in the professional judgment of the administrator and/or owner(s), compromise efforts to assist a victim or to contain, respond to, or otherwise mitigate the emergency. Fire Alarms will also be used, if necessary, as long as they will not hinder the safety of the students or staff during the emergency.

Once the institution's administrator and/or owner(s) have decided the situation is a significant emergency or dangerous situation, and it does not compromise any efforts, the institution's administrator will send out an emergency notification to all students and staff immediately. The institution's administrator and/or owner(s) will decide on what is contained in the notification depending on what is pertinent to ensure the safety of students and staff. Students and staff will be notified immediately through texts, phone calls, the institution's social media page, and or emails. Students and staff members contact information is collected during student orientation or the hiring process. This contact information is kept confidential and may be used for emergency notifications. All students and staff are urged to keep their contact information current with the administrative office of the Pineville Beauty School. Emergency notifications, although they differ from timely warnings, do not replace the timely warning notification. If required, the owner(s) will contact local law enforcement and/or local emergency response agencies to provide emergency support for said emergency. Local law enforcement will be responsible for informing the local community if the situation is a danger to them.

Supportive measures may include counseling, extensions of deadlines or other course-related adjustments, modifications of work or class schedules, campus escort services, mutual restrictions on contact between the parties, changes in work or housing locations, leaves of absence, increased security and monitoring of certain areas of the campus, and other similar measures. The recipient must maintain as confidential any supportive measures provided to the complainant or respondent, to the extent that maintaining such confidentiality would not impair the ability of the recipient to provide the supportive measures. The Title IX Coordinator is responsible for coordinating the effective implementation of supportive measures.

This may also include any incidents off campus which may interfere with the health and safety of the school's employees and students. This policy applies to all students, employees, contractors, and visitors. Although the Pineville Beauty School cannot impose this policy on incidents which occur outside of the school's jurisdiction, the school will still assist the student and/or employee in reporting an incident to the local law enforcement, information on supportive services and accommodations, and available resources within the community.

**OFFICIALS TO ASSIST THE TITLE IX COORDINATOR-REVIEW COMMITTEE**

The following are individuals available to assist the Title IX Coordinator in the grievance process, including assistance with assessments, counseling complainant and respondent on supportive services and accommodations, resources, interim measures, and participate in the formal grievance hearings to include acting as the decision-maker:

**Michelle Hays: Owner/Instructor(318) 445-1040**

**Josephine Nelson: Owner/Instructor(318) 445-1040**

**Jessica Norman: Director of Education(318) 445-1040**

**ACTUAL KNOWLEDGE AND RESPONSE**

Actual Knowledge is defined as direct and clear knowledge where the relevant party knows of a particular item or event. Under the Title IX regulations, actual knowledge is once a notice of sexual harassment or allegations of sexual harassment are made to the Title IX Coordinator or an official of the school who has the authority to take action. Any individual may report sexual harassment to the school. Once there is actual knowledge, the Pineville Beauty School will respond promptly and in a manner that is not deliberately indifferent to all reports of individuals alleged to be victimized. The Pineville Beauty School will resolve allegations promptly and accurately in a manner which is not deliberately indifferent. The Pineville Beauty School will attempt to resolve complaints within sixty (60) business days of receipt unless circumstances prevent so. If the sixty (60) business days' time frame must be extended, all parties will be notified in writing. The Pineville Beauty School's policy ensures for a fair grievance process that provides due process protections to alleged victims and alleged perpetrators of sexual harassment, and effectively implements solutions for victims.

**EQUALITY FOR BOTH COMPLAINANTS AND RESPONDENTS**

When concluding whether or not sexual harassment has occurred, the Pineville Beauty School will respond promptly in a manner that is not deliberately indifferent. This means in a manner that is not currently unreasonable in light of the known circumstances. The school will utilize "preponderance of evidence" standard which means "more likely than not" or "fifty-fifty" likelihood of guilt. The school must provide due process protections to ensure non-restriction of the rights protected under the United States Constitution. This includes the First Amendment, Fifth Amendment, and Fourteenth Amendment rights of an individual. The "preponderance of

evidence” standard also ensures that both the complainant and respondent have the same opportunity to provide relevant facts and will be treated equally. The school will not be deliberately indifferent by offering the complainant support measures and following the grievance process outlined in this policy. The respondent will also be offered the option of support measures and assistance with other resources available to him/her. Both the complainant and respondent will have the right to notify local law enforcement and file a report, inform the school of an alleged sexual harassment incident, participate or remain silent throughout the grievance process, have an Advisor of their choice to be present during any interviews, meetings, and throughout the resolution and appeals process, if applicable. If a party does not have an advisor, the school will be required to, without fee or charge, provide one of its choices. If the respondent decides to not participate, the investigation will not cease and will proceed without the respondent being able to provide his or her accounts of the alleged incident.

### **ADVISORS**

Both the complainant and respondent have the right to an advisor of their choice who will be there for support and guidance. The Advisor may be, but does not have to be an attorney. If a party does not have an advisor, the school will be required to, without fee or charge, provide one of its choices. The Advisor will be allowed to be present throughout the process. The Advisor will be the only individual allowed to cross-exam during live hearings.

### **SECURITY AND SAFETY**

The Pineville Beauty School has 24-hour security camera surveillance and its premises is continuously monitored by its local law enforcement. Students and/or employees should always attempt to ensure their own safety by being aware of their surroundings.

### **REPORTING AN INCIDENT TO LOCAL LAW ENFORCEMENT**

The school educates new students and employees about sexual discrimination, sexual harassment, and sexual violence through mandatory orientations when entering as a student or start of employment at the school. If you are a victim of a sexual assault at the Pineville Beauty School, your first priority should be to get to a place of safety. You should then obtain necessary medical treatment. Local law enforcement agencies and the Pineville Beauty School strongly advocate that a victim of sexual assault report the incident in a timely manner, but is not required to do so. Time is a critical factor for evidence collection and preservation. An assault should be reported directly to the Title IX Coordinator and/or to the Pineville City Police Department or Rapides Parish Sheriff’s Department. Filing a report with the school will not obligate the victim to prosecute, nor will it subject the victim to scrutiny or judgmental opinions.

Filing a report will:

- › Ensure that a victim of sexual assault receives the necessary medical treatment and tests, at no expense to the victim;
- › Provide the opportunity for collection of evidence helpful in prosecution, which cannot be obtained later (ideally a victim of sexual assault should not wash, douche, use the toilet, or change clothing prior to a medical/legal exam);
- › Assure the victim has access to free confidential counseling from counselors specifically trained in the area of sexual assault crisis intervention.

The school will take all necessary steps to ensure it assists the student and/or employee with his/her incident and filing a policy report if the student and/or employee requests assistance. Student and/or employees can contact the Pineville Beauty School and may also contact their local law enforcement agency by dialing 911. The following is information regarding the school's local law enforcement agencies:

Other than calling 911, we have also listed contact information for law enforcement agencies.

### **COMPLAINTS AND NOTIFICATION**

All complaints not involving the sexual discrimination, sexual harassment, or sexual misconduct, should contact the school's Administrator and follow the school's regular Grievance Policy. Sexual Harassment, as defined earlier, also includes sexual assault, dating violence, domestic violence, or stalking. Any individual has the right to notify the Pineville Beauty School's Title IX Coordinator of a sexual harassment incident. This may include the individual who experienced the sexual harassment, family members of the individual, bystanders, employees of the school, etc. The Pineville Beauty School also recommends the individual contact the local authorities and preserve evidence. Filing a police report will not obligate the victim to prosecute, nor will it subject the victim to scrutiny or judgmental opinions. All responsible employees who know or may have had reasonable knowledge of sexual misconduct, are required to report this information to the Title IX Coordinator immediately.

Once the school is notified, it will respond and take action promptly. Although the school recommends contacting the local authorities, the complainant is not required to contact the police to file a complaint with the school. A report may be submitted at any time, even during non-business hours, in person, via mail, via electronic mail, or by phone to the Pineville Beauty School's Title IX Coordinator. Anonymous reports can be made, but may make resolution difficult. The school will provide due process protections to ensure non-restriction of the rights

protected under the United States Constitution. These include the First Amendment, Fifth Amendment, and Fourteenth Amendment rights of an individual.

### **FORMAL COMPLAINT**

The Complainant has the right to file or not to file an informal or formal report when filing a complaint alleging sexual harassment. As per 34 C.F.R. §106.30, a “formal complaint means a document filed by a complainant or signed by the Title IX Coordinator alleging sexual harassment against a respondent and requesting that the recipient investigate the allegation of sexual harassment. At the time of filing a formal complaint, a complainant must be participating in or attempting to participate in the education program or activity of the recipient with which the formal complaint is filed. A formal complaint may be filed with the Title IX Coordinator in person, by mail, or by electronic mail, by using the contact information required to be listed for the Title IX Coordinator under §106.8(a), and by any additional method designated by the recipient. As used in this paragraph, the phrase “document filed by a complainant” means a document or electronic submission (such as by electronic mail or through an online portal provided for this purpose by the recipient) that contains the complainant's physical or digital signature, or otherwise indicates that the complainant is the person filing the formal complaint. Where the Title IX Coordinator signs a formal complaint, the Title IX Coordinator is not a complainant or otherwise a party under this part or under §106.45, and must comply with the requirements of this part, including §106.45(b)(1)(iii)”. A parent or legal guardian who has the legal right to act on the individual’s behalf has the right to file a formal complaint. The Title IX Coordinator also has the right to file a formal complaint even if the complainant is not associated with the school in any way.

### **INVESTIGATIVE MODEL**

The Pineville Beauty School will not utilize a “single investigator model”. As per new Title IX regulations, the Pineville Beauty School will have three separate officials to complete the process. The Title IX Coordinator will handle all reports, initial assessments, and the informal process if there was found to be a violation of policy. If a formal resolution is required, a separate official will be required to conduct the formal investigation. Once the formal investigation is completed, another official will be required to proceed as the decision-maker through the formal proceedings. If there is an appeal, the initial decision-maker will not be able to act in that capacity and another official will be deemed as the functioning decision-maker. The Pineville Beauty School will attempt to resolve complaints within sixty (60) calendar days of receipt unless circumstances prevent so. If the sixty (60) calendar days’ time frame must be extended, all parties will be notified in writing.

## **FALSE ACCUSATIONS**

Any individual found to have purposely submitted or provided false information in connection to an incident to cause harm to the other individual may be subject to disciplinary actions under the Student Code of Conduct.

## **RETALIATION**

Engagement in protected speech under the First Amendment does not constitute retaliation. Retaliation against an individual for the purpose of interfering with the exercising of Title IX rights is prohibited. This includes retaliation against any individual who has made a report or complaint, the alleged perpetrator, witnesses, and any other individuals who may be involved in the matter, including those that may refuse to testify. The Pineville Beauty School will not charge a person with a violation of the code of conduct for pursuing a sexual harassment report, formal complaint, or for exercising their Title IX rights. The school will attempt to preserve the identities of the individuals involved in the investigation confidential except that which is permitted by Family Educational Rights and Privacy Act, (FERPA), that which is required under other laws, or that which is necessary in order to conduct the grievance process. Individuals who have been retaliated against will have the right to file a complaint. Individuals found to be in violation of this policy will be subject to disciplinary actions.

## **RIGHTS OF THE COMPLAINANT AND CONTACT**

The Pineville Beauty School recommends seeking necessary help and filing a report with local law enforcement after a sexual harassment incident, especially the following: Sexual assault, non-consensual sexual conduct, rape, intimate partner violence, stalking, or other sexual or gender-based misconduct. This ensures the individual receives the necessary medical treatment and tests, provides the opportunity for collection of evidence helpful in prosecution, which cannot be obtained later (ideally a victim of sexual assault should not wash, douche, use the toilet, or change clothing prior to a medical/legal exam); and assures the individual has access to free confidential counseling from counselors specifically trained in the area of sexual assault crisis intervention. Filing a police report will not obligate the individual to prosecute, nor will it subject the individual to scrutiny or judgmental opinions. Choosing not to file a report does not prohibit the individual from filing a report with the school. Although these are the Pineville Beauty School's recommendations, the complainant has the rights as follows:

1. The right to or not to file a report with local law enforcement;
2. The right to or not to file an informal or formal complaint with the Pineville Beauty School;
3. The right to file an anonymous report (Although anonymous complaints can make resolution difficult);
4. Obtaining medical treatment including counseling after the alleged incident; and
5. Requesting support measures and/or accommodations;

Regardless of whether or not the complainant decides to file a complaint, the Title IX Coordinator is available to assist with supportive services, accommodations and available resources. The individual does not have to file a formal complaint to receive this assistance. Once, the Title IX Coordinator receives the report regarding the alleged incident, the Title IX Coordinator will promptly contact the complainant, if the individual is identified, confidentially to discuss the availability of supportive measures, consider the complainant's wishes with respect to supportive

measures, inform the complainant of the availability of supportive measures with or without the filing of a formal complaint, and explain to the complainant the process for filing a formal complaint.

The Title IX Coordinator will not force the individual to divulge information if they do not prefer to. If the individual chooses to confide in the Title IX Coordinator, the Title IX Coordinator will assess the situation and what necessary steps to take to resolve. The Pineville Beauty School will always attempt to respect the wishes of the individual. If the individual does decide to proceed with an informal or formal complaint, it is recommended the complainant provide the following information to assist in the initial assessment by the Title IX Coordinator.

1. Names of the individuals involved in the alleged incident. (Alleged victim, alleged perpetrator, and any witnesses to the alleged incident).
2. The alleged incident including place, date, and time.
3. Details of the alleged incident, only if the alleged victim is comfortable with providing the information, including information on whether or not this is the first time the alleged harassment has taken place.
4. Any other pertinent information which will assist in the assessment of the alleged incident.

#### **CONFIDENTIAL RESOURCES AVAILABLE**

If an individual prefers not to file a report with law enforcement or the Pineville Beauty School and would like to seek other assistance, there are professionals who can provide confidential help. Medical providers, mental health professionals, ordained clergy, rape counselors who operate under their realm of certification are prohibited from divulging personal information. These professionals may be able to assist the individual in receiving assistance in coping with the incident and/or refer the individual to other resources for assistance and support.

#### **SUPPORTIVE MEASURES AND ACCOMMODATIONS**

Support services and accommodations are provided to both the complainant and respondent after the report has been made, throughout the resolution process, and after the resolution process has been completed. Support services and accommodations are even available if both parties agree to not proceed in the resolution process. The Department of Education's Title IX Final Rule defines supportive measures, "as individualized services reasonably available that are nonpunitive, non-disciplinary, and not unreasonably burdensome to the other party while designed to ensure equal educational access, protect safety, or deter sexual harassment." Any student and/or employee has the right to obtain a protective order through Child Protective Services and/or their local judicial system. The Pineville Beauty School will cooperate with any protective orders including no-contact, restraining, or similar lawful orders issued by a criminal, civil, or tribal court. If requested, the Pineville Beauty School will attempt to accommodate the student and/or employee within reasonable limits.

The Title IX Coordinator will be responsible for ensuring the individual, if he/she wants, has access to supportive services and accommodations which are reasonably available. The school will consider each set of unique circumstances to determine what individualized services would be appropriate based on the facts and circumstances of that situation. The complainant does not have to file a formal complaint to be eligible for supportive services. The complainant and/or

respondent does have the right to refuse supportive services and the school must ensure they indicate this on the report. All supportive services and accommodations will be kept confidential. Examples of supportive services are: Medical services; Counseling; Extending deadlines; Modifying class or work schedules; Placing mutual restrictions on contact between the parties; Providing campus escort services; Changing work hours; and Providing leaves of absence. The Pineville Beauty School will also inform the complainant and/or respondent of other resources which may be available to them. Support services will continue as long as they are reasonably available. Written notifications of support services and accommodations will be given to both the complainant and respondent. The school will continue its obligation in providing supportive measures during the COVID-19 pandemic. The supportive measures may include providing such options as remote schooling, telemedicine, etc.

### **LAW ENFORCEMENT INVESTIGATIONS**

If there is a current investigation by law enforcement, at their request, the school will defer its assessment until the investigation by law enforcement is complete. Although the school's assessment may be deferred, information regarding supportive services, accommodations, resources, rights, interim measures (if required), and procedural information will be disclosed to both the complainant and respondent in writing. Final outcome of the investigation by law enforcement will not affect the outcome of the Pineville Beauty School's investigation, even if the respondent is not prosecuted under the federal or state judicial system. Resolutions by the Pineville Beauty School does not prevent the judicial process.

### **INITIAL ASSESSMENT**

After contact has been made and the Title IX Coordinator has spoken with the complainant, the Title IX Coordinator will evaluate all information gathered so far and decide whether or not the school's policies may have been violated. If the Title IX Coordinator feels there is sufficient evidence, he/she will proceed with the resolution process. The Title IX Coordinator will also decide if the alleged incident is severe enough to put into effect interim measures. The school will utilize "preponderance of evidence" standard which means "more likely than not" or "fifty- fifty" likelihood of guilt when evaluating information obtained.

During the initial assessment, the Title IX Coordinator will do the following:

1. Review the information on the alleged incident.
2. A presumption of innocence throughout the grievance process, with the burden of proof on the school;
3. Assess the need to interim measures.
4. Discuss options with complainant regarding informal and formal resolutions.
5. Notify the complainant of the opportunity to provide further information and accounts of alleged incident during the resolution process along with the school's policy on sexual harassment and false statements.
6. Discuss with complainant the option of contacting law enforcement and the school's assistance in doing so.
7. Discuss supportive services, accommodations, and available resources including medical and mental treatment along with the importance of preserving evidence.
8. Discuss timely manner as defined by Clery Act with the complainant.

9. Inform both the complainant and respondent they may both have an Advisor of their choosing to accompany them throughout the process.
10. Inform both the complainant and respondent they may both have the right to review certain evidence.
11. Inform the respondent of allegations along with information on supportive services, accommodations, other available resources, and the ability to meet with the Title IX Coordinator regarding school's policy on Sexual Harassment and false statements.
12. Explain to both parties the Pineville Beauty School's policy regarding retaliation against both the complainant and respondent.

The Title IX Coordinator will issue both parties details in writing. During this time, the Title IX Coordinator will gather information from the complainant, respondent, and any witnesses.

### **NOTIFICATION OF INITIAL ASSESSMENT**

The Title IX Coordinator will review all information gathered from the complainant, respondent, and any witnesses. The school will utilize "preponderance of evidence" standard which means "more likely than not" or "fifty-fifty" likelihood of guilt when evaluating information obtained. The Title IX Coordinator can choose to dismiss the report if there is not sufficient enough evidence to indicate the incident was a violation of policy. The Title IX Coordinator will notify the complainant and respondent in writing within fifteen (15) business days of the initial assessment of the outcome of findings unless further due diligence is necessary. If the Title IX Coordinator finds there was no evidence that a violation of policy was committed, the complaint will be dismissed. If the Title IX Coordinator finds sufficient enough evidence that there was a violation of policy, the Title IX Coordinator will discuss the option of proceeding with an informal or formal resolution process. Although the Pineville Beauty School will attempt to honor the rights of the complainant, the Title IX Coordinator may decide to proceed in a different direction from what the complainant prefers. If the Title IX Coordinator does so, both parties will be notified in writing. The Title IX Coordinator cannot facilitate an informal resolution process if the allegations when an employee was involved.

### **MANDATORY AND DISCRETIONARY DISMISSALS**

A school must dismiss complaints where the conduct does not violate the school's sexual harassment policy, if the alleged incident did not occur during the school's educational program or activity, and if the sexual harassment did not occur within the United States. Although the school may dismiss the allegations, the school may still address the allegations through their code of conduct policy. The school may dismiss, at their discretion, if the complainant withdraws the complaint, if the respondent is no longer a student or employee at the school, or if the school is prevented from gathering sufficient information to reach a determination. The school must still promptly respond to the complainant's report even if the respondent has left the school prior to the filing of the formal complaint by informing the complainant about supportive measures and respecting the complainant's decision on the supportive measures. If wanting to appeal, the complainant and/or respondent must submit in writing an appeal to the Title IX Coordinator within ten (10) business days of receipt of the notification.

## **INTERIM MEASURES**

After reviewing the initial assessment, if the Title IX Coordinator, finds there is a significant threat to anyone's physical health or safety, the Title IX Coordinator may put into effect interim protective measures, certain accommodations, and support services necessary to ensure the safety of its employees, students, and civilians on school grounds. The Pineville Beauty School will attempt to ensure all interim protective measures are kept private as long as it does not pose a further threat to the school community. If the Title IX Coordinator feels these measures need to be expanded, the respondent may be placed on interim separation. Although the respondent may be placed on interim separation and cannot be on school property, the Pineville Beauty School will continue to not be deliberately indifferent and accommodations will be made for the respondent to continue his/her education. Respondents which are employees may be put on administrative leave.

As per 34 CFR §106.44(c), "*Emergency removal*. Nothing in this part precludes a recipient from removing a respondent from the recipient's education program or activity on an emergency basis, provided that the recipient undertakes an individualized safety and risk analysis, determines that an immediate threat to the physical health or safety of any student or other individual arising from the allegations of sexual harassment justifies removal, and provides the respondent with notice and an opportunity to challenge the decision immediately following the removal. This provision may not be construed to modify any rights under the Individuals with Disabilities Education Act, Section 504 of the Rehabilitation Act of 1973, or the Americans with Disabilities Act."

## **INFORMAL RESOLUTION**

The Pineville Beauty School will only offer an informal resolution process if there was a formal complaint previously filed. The informal resolution process must be agreed upon by both the complainant and respondent. Either party cannot be coerced or threatened into proceeding with the informal resolution process and will be informed of their rights, the allegations, and about withdrawing from the informal resolution process. An informal resolution may be unacceptable if the Title IX Coordinator believes the resolution does not meet the severity of the violation of the policy, the parties cannot come to a final resolution, or the respondent does not choose to take responsibility for the violation of the policy. Both parties will be informed confidentiality will be retained for both during the process and reports will be filed in their personal files. Filing an informal complaint does not prevent the complainant from deciding to file a formal complaint in the future.

The Title IX Coordinator will speak with the respective parties individually to discuss his/her findings and actions to be taken, including possible disciplinary actions. The Title IX Coordinator will review his/her findings prior to issuing written notification to both parties. The Title IX Coordinator will attempt to conclude the informal resolution process within forty-five (45) business days. The Title IX Coordinator will issue a written notification to both the complainant and respondent regarding the resolution proceedings. If the complainant and/or respondent disagree, they will have ten (10) business days from the receipt of the notification to submit a written request to the Title IX Coordinator to proceed with a formal resolution process. If the respondent accepts responsibility, the Review Committee will review and issue sanctions, which may include no disciplinary action other than the requests from the complainant, as long as the requests are reasonable. The Title IX Coordinator cannot facilitate an informal resolution process if the allegations when an employee was involved.

## **FORMAL RESOLUTION**

The Pineville Beauty School will attempt to complete the formal resolution process within sixty (60) business days. If the timeframe should need to be extended, the parties will be notified in writing of the reason. A formal resolution will occur when one or both parties do not come to an agreement during the informal process or if the Title IX Coordinator feels there is a significant threat. The Title IX Coordinator will inform both the complainant and respondent during the process. The respondent may at any point, prior to the investigation, accept responsibility. At this time, the respondent will be required to submit a written notification of the acceptance of responsibility to the Title IX Coordinator. If the Title IX Coordinator receives additional information during this time, he/she will notify the respondent of the new information in writing. If the respondent still agrees to accept responsibility, the Title IX Coordinator will waive the investigation and submit a written summary of the initial assessment and submit to the school's review committee for review and to determine disciplinary action. The complainant and respondent will be informed in writing of the summary for review within ten (10) business days of the respondent accepting responsibility. The review committee will determine and issue written notification to both the complainant and respondent once all information has been reviewed. The complainant and/or respondent will only be able to appeal the decision of the review committee if the complainant or respondent feels the disciplinary action is too lenient or severe. A written notification must be presented to the review committee within ten (10) business days of receipt of decision to appeal.

If the issue cannot be resolved through the informal resolution, the Title IX Coordinator will inform through written notification to the complainant and respondent of the process of the formal resolution. The information contained in the notification will consist of the allegations, preliminary findings, the investigation process, and information regarding proceedings.

The Pineville Beauty School will make every attempt to keep all information confidential. Only pertinent information will be provided to those investigating and responding to the incident. The school will maintain confidentiality pertaining to accommodations and supportive services provided to the complainant and respondent. Information given to the Pineville Beauty School's staff designated to respond and investigate these incidents will not be divulged to any other individual unless the individual who provided the information gives permission to do so. Certain campus officials, medical personnel, mental health providers, ordained clergy, and rape counselors who are bound by confidentiality as recognized by law. Information may be released by those bound by confidentiality when there is an imminent threat of harm to self or others or a minor is involved.

## **INVESTIGATION**

The school is required to investigate any allegations in any formal complaint. The burden of gathering evidence and burden of proof will remain on the school and not the parties involved. Written notices will be sent to both the complainant and respondent of the allegations upon receipt of the formal complaint. Both the complainant and respondent will be informed of their equal rights and protections. Both parties will also be informed of the reason for all processes during the resolution process in order for the parties involved to prepare and review information collected during the investigation as long, as the information is relevant to the allegations.

The school will inform both parties they may have other individuals with them including the right

to have an Advisor present during the process. The complainant and respondent will have the option to select their advisors, if applicable, to assist in their review. The Advisor may, but does not have to be, an attorney. If a party does not have an advisor, the school will be required to, without fee or charge, provide one of his/her choice. The school will ensure both parties have an equal opportunity to provide witnesses and evidence. The school cannot prevent parties from discussing the allegations and obtaining relevant information. The Pineville Beauty School will inform all parties including their Advisors ten (10) business days prior of evidence directly related to the allegations, in electronic format or hard copy, so they may inspect, review, and respond to the evidence. The Pineville Beauty School will promptly notify both parties with information regarding investigative interviews, meetings, or hearings upon scheduling.

The Title IX Coordinator will submit information obtained through the initial assessment and details of the informal resolution to the investigator. The Title IX Coordinator will designate an investigator who is trained and has experience in investigating sexual harassment allegations. The investigator will interview the complainant and respondent. The investigator will review any prior behavior which may have occurred by both parties. The investigator will attempt to obtain as much information as possible, other than personal records maintained by a physician, psychiatrist, psychologist, or other professionals which are treating the party and bound by confidentiality, unless the individual agrees to voluntarily provide authorization to obtain said information. Other sexual history will only be considered relevant if the evidence is to prove that someone other than the respondent committed the alleged incident or that the complainant had prior sexual behavior with the respondent and the evidence is being used to prove consent.

Both parties will have an opportunity to discuss with the investigator any further information to be considered, their recollection of the alleged incident, and any additional witnesses they deem could be relevant to the investigation. The investigator will inform both parties of the retaliation policy. The investigator may question witnesses regarding the alleged incident. All witnesses will be asked to maintain confidentiality and of the school's retaliation policy. In order to utilize the information received from the witnesses, the witnesses must have observed the incident or have relevant information pertaining to the alleged incident. Parties and their Advisors will be sent an investigative report that summarized relevant evidence, in electronic format or by hard copy with at least ten (10) business days for the parties to respond.

### **FORMAL PROCEDURES INVOLVING EMPLOYEES**

When the formal procedure consists of an employee, the Title IX Coordinator and a member of the review committee will conduct the investigation. Both the complainant and respondent will be treated equally. The Pineville Beauty School will respond promptly in a manner that is not deliberately indifferent. This means in a manner that is not currently unreasonable in light of the known circumstances. The school will utilize "preponderance of evidence" standard which means "more likely than not" or "fifty-fifty" likelihood of guilt. The school must provide due process protections to ensure non-restriction of the rights protected under the United States Constitution. These include the First Amendment, Fifth Amendment, and Fourteenth Amendment rights of an individual. The Title IX Coordinator cannot facilitate an informal resolution process if the allegations when an employee was involved.

## **INVESTIGATION REPORT**

Once the investigation is completed, the investigator will compose a package of information obtained from all parties including the complainant, respondent, and witnesses. The investigator will not be allowed to make a recommendation of action as that is the role of the decision-maker.

The complainant and respondent along with their Advisors, if applicable, will be given a written copy of the investigation packet to review. Both parties will have ten (10) business days to respond. If neither party has issues, the investigator will be allowed to finalize the investigative packet. If either party disagrees with the draft investigation packet, both parties will have the opportunity to request changes, request there be further investigation, and submit any additional information to the investigator. The investigator will gather further information and submit a final investigation report for the parties to review. The parties will be given an additional ten (10) business days to review before any determination of responsibility or hearing, if applicable.

The Title IX Coordinator will have the opportunity to review the final investigation packet. If the respondent is found not to be responsible during the investigation, the complaint will be dismissed. If the complaint is dismissed, the complainant will have ten (10) business days to appeal the decision, which will be reviewed by the Review Committee and a final decision made. The appeal must be in writing and submitted to the Title IX Coordinator. If the respondent accepts responsibility, both parties will be notified in writing of the conclusion and the Review Committee will issue sanctions as described in the school's policy on disciplinary sanctions and restrictions. If the respondent rejects the decision, the process will move to a live hearing consisting of the Review Committee. The Review Committee will designate one of the individuals to act as the decision-maker. The Title IX Coordinator may be present during the live hearing.

## **DECISION-MAKER REGULATIONS**

The decision-maker cannot be the same individual who acted in the preliminary process, such as the Title IX Coordinator or Investigator. The decision-maker may objectively evaluate the evidence and reach conclusions. The decision-maker cannot be impartial to one party and must have special training on how to be impartial and be able to determine what evidence is relevant to meet the standard of evidence for sexual harassment allegations.

## **HEARINGS**

The live hearing will consist of cross-examination. The live hearing may be conducted physically or virtually as long as all parties have the ability to see and hear one another during real time. Telephone calls are not allowed during the live hearing as they do not meet regulations. Since the Pineville Beauty School offers the opportunity to conduct live hearings virtually, any requests for temporary postponements of hearings will be reviewed by the school. When granting a delay or extension, the school will take into account the circumstances and all individuals involved. If the delay or extension is granted, all parties will be notified of the reason, the estimated time of the delay, and important updates about the investigations.

Parties may request hearings be in separate rooms during the live hearing. Live hearings will be recorded, either by audio, audiovisual recordings, or transcript. Recordings will be made available to parties for review. This assists in appeals and to ensure the decision-maker did not act impartially. Only advisors may have the right to cross-exam. If a party does not have an advisor,

the school will be required to, without fee or charge, provide one of its choices. The decision-maker must review all questions of the advisors to ensure relevancy. If the decision-maker determines the questions are not relevant, the decision-maker will inform the parties the reason the questions were excluded.

Advisors will be able to cross-exam complainants, respondents, and witnesses. Parties are not required to submit to cross-examination or even participate in the grievance process. If a party or witness refuses to submit to cross-examination, the decision-maker is unable to utilize statements made by said party or witness in his/her decision making as long as his/her decision is not based on the refusal to be cross-examined. Evidence and questions regarding the complainant's prior sexual predisposition cannot be considered relevant unless the evidence is to prove that someone other than the respondent committed the alleged incident or that the complainant had prior sexual behavior with the respondent and the evidence is being used to prove consent. Advisors will not be allowed to cross-examine an individual regarding medical or mental-health records unless given written consent by said party. The Pineville Beauty School will ensure HIPAA laws are followed. The "preponderance of evidence" standard will be utilized in the determination process.

### **WRITTEN NOTIFICATION OF DECISION**

After the live hearing has commenced, the decision-maker will objectively evaluate the evidence and make a determination. A written notification will be sent to both parties simultaneously along with information on how to appeal the decision along with details of the formal proceedings. The written notification must include the following:

1. Identification of the allegations potentially constituting sexual harassment as defined in §106.30;
2. A description of the procedural steps taken from the receipt of the formal complaint through the determination, including any notifications to the parties, interviews with parties and witnesses, site visits, methods used to gather other evidence, and hearings held;
3. Findings of fact supporting the determination;
4. Conclusions regarding the application of the recipient's code of conduct to the facts;
5. A statement of, and rationale for, the result as to each allegation, including a determination regarding responsibility, any disciplinary sanctions the recipient imposes on the respondent, and whether remedies designed to restore or preserve equal access to the recipient's education program or activity will be provided by the recipient to the complainant; and
6. The recipient's procedures and permissible bases for the complainant and respondent to appeal.

The recipient must provide the written determination to the parties simultaneously. The determination regarding responsibility becomes final either on the date that the recipient provides the parties with the written determination of the result of the appeal, if an appeal is filed, or if an appeal is not filed, the date on which an appeal would no longer be considered timely.

If the respondent is found to be responsible of the allegations, the Review Committee will impose sanctions and ensure the complainant is provided with solutions. The Pineville Beauty School will also ensure non-retaliation measures are taken for the complainant. If it is decided the respondent was not responsible, he/she will be afforded the same services and measures as the complainant. The Title IX Coordinator will be responsible for ensuring all solutions are carried out. (34 C.F.R. § 106.45)

## **APPEALS PROCESS**

The complainant or respondent has the right to appeal the decision after a dismissal prior to the grievance process, whether mandatory or discretionary, or at the end of the grievance process. Once the school issues the written notification from the formal proceedings, the parties will have ten (10) business days from the date of notification to file a written appeal. The written appeal should include the details of what he/she is appealing. The following are grounds for appeal:

1. Procedural irregularity that affected the outcome of the matter;
2. New evidence that was not reasonably available at the time the determination regarding responsibility or dismissal was made, that could affect the outcome of the matter; and
3. The Title IX Coordinator, investigator(s), or decision-maker(s) had a conflict of interest or bias for or against complainants or respondents generally or the individual complainant or respondent that affected the outcome of the matter.

Both parties will be issued a written notification informing them they equally have the right to appeal. Both parties will equally have the right to submit written statements accepting or challenging the outcome. The school will notify the other party in writing when an appeal is filed and implement appeal procedures equally for both parties. The school will ensure that the decision-maker(s) for the appeal is not the same person as the decision-maker(s) that reached the determination regarding responsibility or dismissal, the investigator(s), or the Title IX Coordinator. The school will ensure the decision-maker for the appeal complies with the standards set forth in paragraph of 34 C.F.R. 106.45(b)(1)(iii). The new decision-maker will review the written statements provided by the complainant and respondent. Once the information has been reviewed, the decision-maker will inform both parties simultaneously in writing of the decision. Once the decision has been made, the appeals process is final and neither party may appeal this decision. If the determination stands and the respondent is still found to be responsible for the violation of policy, the Review Committee will impose sanctions and ensure the complainant is provided with solutions. The Pineville Beauty School will also ensure non-retaliation measures are taken for the complainant. If it is decided the respondent was not responsible, he/she will be afforded the same services and measures as the complainant. The Title IX Coordinator will be responsible for ensuring all solutions are carried out. (34 CFR §106.45)

## **STANDARD OF EVIDENCE**

The school will utilize “preponderance of evidence” standard which means “more likely than not” or “fifty-fifty” likelihood of guilt. The school must provide due process protections to ensure non-restriction of the rights protected under the United States Constitution. These rights include the First Amendment, Fifth Amendment, and Fourteenth Amendment. The “preponderance of evidence” standard also ensures that both the complainant and respondent have the same opportunity to provide relevant facts.

## **PRESUMPTION OF NON-RESPONSIBILITY**

Until the conclusion of the grievance process, the Pineville Beauty School will follow guidelines outlined in the following federal regulations pertaining to the presumption of non-responsibility. As per 34 CFR §106.45(b)(1)(iv), the respondent is presumed to not responsible for the alleged conduct until a determination regarding responsibility is made at the conclusion of the grievance process. This does not imply that the respondent is truthful or that the complainant is lying. As

per 85 FR 30,259, “a recipient cannot use the presumption as an excuse not to respond to a complainant as required under § 106.44(a), or not to objectively evaluate all relevant evidence in reaching a determination regarding responsibility”

### **RECORDKEEPING**

As per 34 CFR §106.45 (b)(10), the Pineville Beauty School will follow the federal regulations listed in the above-mentioned CFR when maintaining records pertaining to Title IX procedures. Investigation records, appeal records, materials associated with the appeal process, records of supportive measures taken in response to a report or complaint of sexual harassment, materials used in the training of Title IX Coordinators, investigations, documented hearing details, decision-makers, and any individual who facilitates an informal resolution will be retained for seven (7) years.

### **DISCIPLINARY SANCTIONS AND/OR RESTRICTIONS**

The Pineville Beauty School does not discriminate on the basis of race, color, creed, national and ethnic origin, sex, age, religion, disability, sexual orientation or other legally protected status in its administration of any educational programs or financial aid programs. In order to ensure the health and safety of our employees and students, the Pineville Beauty School prohibits sex discrimination, sexual harassment and/or sexual violence. This includes incidents on and off the school’s premises. This applies to all school programs including extra-curricular activities pertaining to the school. This may also include any incidents off campus which may interfere with the health and safety of the school’s employees and students. This policy applies to all students, employees, contractors, and visitors. As per 34 CFR §106.45(b)(1)(iv), the respondent is presumed to not responsible for the alleged conduct until a determination regarding responsibility is made at the conclusion of the grievance process. This does not imply that the respondent is truthful or that the complainant is lying. As per 85 FR 30,259, “a recipient cannot use the presumption as an excuse not to respond to a complainant as required under §106.44(a), or not to objectively evaluate all relevant evidence in reaching a determination regarding responsibility”. Punishment is at the discretion of the school and could include suspension, expulsion, or disciplinary action to include termination of employment for employees and a no-contact order for individuals deemed responsible. Punishment may also include protective orders or similar lawful orders issued by a criminal, civil, or tribal court. As per 34 CFR §106.45(b)(1)(i), the Pineville Beauty School will ensure the sanctions and/or restrictions imposed will be “designed to restore or preserve equal access to the recipient's education program or activity”. 34 CFR § 106.45(b)(1)(i) also states, “Such remedies may include the same individualized services described in §106.30 as “supportive measures”; however, remedies need not be non-disciplinary or non-punitive and need not avoid burdening the respondent”.

### **TRAINING**

The Pineville Beauty School presents crime prevention awareness and prevention sessions on sexual discrimination, sexual harassment, sexual assault, domestic violence, dating violence, and stalking, as well as educational sessions on personal safety to incoming students and all employees. Annual training is conducted to educate students and employees. These programs will cover how to identify, prevent and respond to incidents of sexual discrimination, sexual harassment, sexual assault, domestic violence, dating violence, stalking, and information regarding the behaviors associated with sexual violence. All students and employees will be notified on who to contact

when an incident occurs along with contact information, definition of sexual harassment including defining associated terms listed in the Pineville Beauty School Sexual Harassment Policy, the process of filing an informal and formal report, resource information, supportive services, and accommodations available to them within and outside of the school. A review of the Annual Security Report will also be discussed with both students and employees. A common theme of all awareness and crime prevention programs is also to encourage students and employees to be aware of their responsibility for their own security and the security of others. In addition to trainings, information will be disseminated to students and employees through crime and sexual assault prevention awareness packets and placed on the Pineville Beauty School's website. The following will be samples of trainings which will be required by all employees and students.

Although we educate students and employees on sexual harassment, the Pineville Beauty School always tries to ensure that its students and employees have access to information regarding this topic.

## **FIRE SAFETY**

The Pineville Beauty School strives to provide a safe educational environment for all students and staff. A collaborative effort of both the school officials and its students in maintaining safety in and around the institution assists in the overall objective of the institution to provide a safe educational environment and should be implemented at all times. Fire safety is a priority of the institution. The Pineville Beauty School ensures its students and staff are educated and trained annually on what procedures to follow in the instance a fire should occur. The Pineville Beauty School does have evacuation signs outlining exits throughout the institution. The institution coordinates with its local fire department in inspecting and ensuring all evacuation procedures are correct and that all fire alarms and fire extinguishers are in working order and compliant.

## **EMERGENCY DRILLS AND TRAINING**

Information regarding fire safety is initially provided during orientation for new students and staff. Annually, the institution along with its local fire department, perform drills and trainings with its students and employees to ensure everyone understands the response and evacuation process in the event of an emergency and is aware of the institution's exits.

## **EVACUATION PROCEDURES**

In the event of an emergency, all occupants will exit the building in a calm and orderly manner. Evacuation routes are posted inside the institution. Staff members will direct all the students and any clientele out of the building according to the evacuation plan of the institution. If students and/or staff are upstairs, they will go down the outside fire escape to the parking lot in the rear of the building. Students, staff, and clients who are downstairs will exit out the appropriate door, either to the front or rear of the building, whichever is closer or more accessible. All individuals should attempt to assist individuals with disabilities in evacuating. Once outside, occupants will proceed to the rear or side parking lots and remain until told otherwise by the institution's administrator and/or owner(s). During the course of the evacuation of the building, the institution's administrator and/or owner(s) will contact the appropriate authorities, depending on the nature of the emergency. Emergency telephone numbers are posted next to the telephone at the reception desk. The institution's administrator and/or owner(s) will then make a final examination of the building, both upstairs and downstairs, to check for any remaining occupants. If necessary, the appropriate notifications will be sent out to family members and/or the public regarding the nature and status of the emergency.
